

Signature Series Investment

As a fully customized relationship, Neighborware prepares a custom proposal for each prospect based upon a more complete understanding of the community under consideration. The typical pricing strategy includes a one-time fee covering Initialization Service and an on-going Web Application Service Fee for a turnkey package of services.

Initialization Service

Initialization Services includes those items listed below:

- Complete Graphic and Site Layout Customization
- Initial Content Development Assistance
- On Site Training Program and Launch
- Initial Product Support

This one time fee ranges from \$2,000 to \$4,000 and is based upon the size of the community and complexity of the community story and customization.

Web Application Service Fee

elliptIQ regularly optimizes the product and anticipates the future needs of its' customers. elliptIQ will provide

- Application Upgrades and Enhancements of Features
- Managed Hosting of the Application
- Administrator Training
- Product Support.

The web application service fee is a monthly fee billed quarterly in advance based on the current number of homes, townhomes, condo units completed and/or occupied in the community.

The cost per home per month starts at approximately 75 to 85 cents and decreases to as little as 25 cents as the community grows. The minimum monthly fee would be \$150 - 200.

PLEASE NOTE:

All Signature Series pricing is approximate and subject to change. It is shown here to provide ballpark figures for consideration. A fully customized proposal will be prepared for each prospect based upon a more complete understanding of the community under consideration.
